*Permittee agrees to indemnify the County of Clare and all of its departments, agencies, boards, commissions, officers, employees, and agents from any and all liability arising under or in any manner related to the issuance of the Permit or the privileges granted under this Permit.

*The property owner, contractor, and any agent in obtaining this Permit are held responsible to insure the project is constructed in accordance with all drawings and specifications contained in this Permit.

*The permittee hereby acknowledges and accepts sole liability for any injury to persons or property which may result from the activities authorized by issuance of this permit.

I understand that payment of the application fee does not guarantee a permit.

In accordance with Part 91 of NREPA Act 451, of 1994 and it's corresponding general rules, the undersigned hereby submits this application and site plan which is to be followed in detail. I hereby authorize the Soil Erosion Control Agent to inspect this project site.

(Landowner/Designated Agent)_____
(Date)

SITE PLAN

***NOTE: Outline the entire proposed earth change area using a DASHED LINE (----).**

Any earth disturbance exceeding the area indicated on the plan will be considered a violation of the permit.

All plans must include the following:

- A site location sketch that includes proximity of any proposed earth change to waters of the state
 - Predominant land features; Contour intervals or slope description
 - A description and the location of all existing and proposed on-site drainage and dewatering facilities (If applicable)
 - The timing and sequencing of each proposed earth change
 - The location of all proposed temporary soil erosion and sediment control measures (ex. Silt fencing)
-

FINAL STABILIZATION PLAN

A description and location of all proposed permanent erosion and sedimentation control measures
