

WHY CHOOSE VA HEALTH CARE

Quality: VA care is recognized as the leader in Veteran-specific health care, patient safety, and technology.

Comprehensive Care: We care for all your needs. VA is a one-stop health care experience—specialty care, mental health, prosthetics, x-rays, primary care, and so much more. Plus, our providers don't make clinical decisions based on what insurance will cover. They personalize your care based on your needs.

Comfort: We strive to promote a healing environment when you are in our care. There's a special camaraderie shared here, an environment of understanding amongst Veterans. Our staff, many of whom are Veterans themselves, are skilled, professional, and committed to providing quality, safe care.

Cost: If you served in the active military and were discharged or released under conditions other than dishonorable, you may qualify for VA health care. A financial assessment will determine individual eligibility levels. There are minimal co-payments for medications, depending on your status. There's no annual fee for VA care, no deductibles, and typically minimal co-pays.

Convenience: With more than 1,400 locations including hospitals, community clinics, community living centers, domiciliaries, and readjustment counseling centers, a VA facility is just around the corner from you—and there for you.
