Demolition/Deconstruction and Debris Removal of Residential Structures within Clare County

Invitation to Bid Project #2024LB

General

This Request for Proposals is being issued by The Clare County Land Bank.

The Clare County Land Bank will receive sealed bids marked clearly on the outside of the package with "Packet #2024LB" at their office located at 225 W. Main St. Harrison, Michigan 48625 for the Demolition/Deconstruction and removal of residential structures. Proposals will be accepted until 4:00 p.m. on Friday July 5th, 2024. Bids will not be accepted after the date and time stated in this document. A bid opening will be held at the above address on Friday, July 5th, 2024 at 4:15 pm.

The Clare County Land Bank intends to select one contractor. It is our intention to authorize a contractor to perform Demolitions/Deconstructions and removal of materials on structures as listed in the Bid Form.

Bid documents are available to all Contractors holding a Michigan Demolition Contractors license, a Michigan Residential Builders License or a Maintenance and Alteration License. All bidders must have a Lead Awareness Certification and must include an Asbestos Trained Competent Person on site throughout the deconstruction. Bid documents may be obtained at the office of The Clare County Land Bank located at 225 W. Main St. Harrison, Michigan 48625.

Bids may be withdrawn prior to the date and time specified for bid submission with a formal written notice by an authorized representative of the respondent. All responses, inquires, and correspondence relating to the Invitation to Bid and all reports, charts, displays, schedules, exhibits, or other documentation, including the Bid Packets after submission become the property of Clare County. No bid may be withdrawn for a period of sixty (60) days after submission. Bids offering less than sixty (60) days will be considered non-responsive and will be rejected.

The Clare County Land Bank reserves the right to reject any or all Bids and to waive any irregularities or informalities, and/or to negotiate separately the terms and conditions of all or any part of the bids as may be deemed in the best interest of the County. It is the intent to award the project to the lowest responsive and responsible bidder.

In the event it is evident to a respondent that The Clare County Land Bank has omitted or misstated a material requirement(s) to this bid, the respondent shall advise the County at phelpsl@clareco.net or 989-539-2510. The Clare County Land Bank will notify other bidders of the omission or misstatement.

Term of Contract

Any contract awarded pursuant to this RFP solicitation shall be for a contract period up to 6 months.

Federal and State Requirements

It is the policy of Clare County that all vendors who provide goods and services to the County by contract, shall, as a condition of providing goods and services, adhere to all Federal, State and local laws, ordinances, rules and regulations, and policies, if applicable, prohibiting discrimination in regard to persons to be served and employees and applicants for employment including, but not limited to, the following:

1. The Elliott Larson Civil Rights Act, 1976 PA 453, as amended.
2. The Persons with Disabilities Civil Rights Act, 1976 PA 220, as amended.
3. Section 504 of the Federal Rehabilitation Act of 1973, PL 93-112, 87 Stat. 255 as amended, and rules adopted thereunder.
4. The Americans With Disabilities Act of 1990, PL 101-336, 104 Stat. 327 (42 through 12101 et seq.), as amended, and regulations promulgated thereunder.
5. Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 1124 of October 13, 1967 and as supplemented in Department of Labor regulations (41 CFR Chapter 60). (Applicable to all construction contracts awarded in excess of \$10,000 by respondent or its subcontractors.)

Furthermore, the vendor who is selected under this contract, as a condition of providing goods and services, as required by law, shall not discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions or privilege of employment, or a matter directly or indirectly related to employment because of race, color, religion, sexual orientation, gender identity, national origin, disability, height, weight, marital status, age or political affiliation (except where age, sex or lack of disability constitutes a bona fide occupational qualification).

Any violation of Federal, State or local equal opportunity statutes, ordinances, rules/regulations, or policies during the course of time which the vendor is providing goods and services to Clare County shall be regarded as a material breach of any contract between Clare County and Vendor, and Clare County may terminate such contract effective as of the date of delivery of written notification to the Vendor.

In addition, other Federal, State and local laws, ordinances, rules and regulations, and policies, may apply to these projects. These include, but are not limited to, the following:

1. The Housing and Economic Recovery Act of 2008 (HERA), also known as Public Law 110-289.
2. The Copeland "Anti-Kickback" act (18 U.S. C. 874) as supplemented by Department of Labor regulations (29 CFR part 3). (Applicable to all contracts and subcontracts.)
3. The Davis-Bacon Act (40 U.S. C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR part 5). (Applicable to construction contracts in excess of \$2,000 for CDBG rehab projects of 8 units or more and HOME projects of 12 units or more.)
4. Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C 327A 330) as supplemented by Department of Labor regulations (20 CFR part 5). (Applicable to construction contracts awarded by Respondent and/or its subcontractors in excess of \$2,000, and for other contracts in excess of \$2,500 which involve the employment of mechanics or laborers.)
5. Respondent agrees to comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S. C. 1857 (h)), section 508 of the Clean Water Act (33 U.S.C. 1368 Executive Order 11738, and Environmental Protection Agency Regulations (40 CFR part 15). (Applicable to contracts, subcontracts, and subgrants in amounts in excess of \$100,000).
6. Compliance with Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 135. Section 3 requires that to the greatest extent feasible, opportunities for training and employment will be given to low- and very low-income residents of the project area, and that contracts for work in connection with the project be awarded to concerns that provide economic opportunities for low- and very low-income persons residing in the metropolitan area in which the project is located.
7. The Contractor and its subcontractors shall comply with the Michigan Occupational Safety and Health Act, 1974 PA 154, as amended, (hereinafter referred to as "OSHA") and regulations promulgated pursuant thereto. If during the process of the Project, it is discovered that the Contractor has failed to comply with OSHA, its regulations, or other applicable Federal, State or local laws, ordinances and regulations, the Contractor and its subcontractors shall take such steps as necessary to comply, at no additional cost to the County.

Bidder agrees to comply with the Land Bank requirements and regulations pertaining to reporting, including but not limited to providing demographic data and evidence of compliance with county and federal procurement rules, as applicable to this contract.

Bidder agrees that if this contract results in any patentable inventions, Clare County reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes, as applicable to this contract.

Bidder agrees that if this contract results in any copyrightable material, Clare County reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes, as applicable to this contract.

Bidder agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94A 163, 89 Stat. 871), as applicable to this contract.

Access and Retention of Records

Respondent agrees to provide access by Clare County, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers and records of the contractor which are directly pertinent to this specific contract and any related contracts or records for the purpose of making audit, examination, excerpts, and transcriptions.

Respondent also agrees to retain all required records for three (3) years after completion of the work, receipt of final payments and all other pending matters are closed.

Local Vendor Policy

Preference will be given to a vendor who operates a business within the legally defined boundaries of Clare County as outlined in the Procurement Policies and Procedures Policy available at the Clare County Administrators Office. To be considered for preference as operating a business within the legally defined boundaries of Clare County, the vendor must supply a verifiable physical business address (not a P.O. Box) within Clare County at which the business is conducted.

Vendors contracting with Clare County for this project must comply with Davis Bacon

Choice of Law/Venue

This contract shall be construed according to the laws of the State of Michigan. Clare County and respondent agree that the venue for the bringing of any legal or equitable action under this bid shall be established in accordance with the statutes of the State of Michigan and/or Michigan Court Rules. Any action brought under this contract shall originate in the 80th District Court of the State of Michigan. In the event that any action is brought under this contract seeking damages in excess of \$25,000, the venue for such action shall be the 55th Judicial Circuit Court of the State of Michigan.

Respondents shall render the services to be provided pursuant to this agreement in compliance with all applicable Federal, State and local laws, ordinances, rules and regulations.

Collusion

The Respondent certifies that this bid has not been made or prepared in collusion with any other bidder and the prices, terms or conditions thereof have not been communicated by or on behalf of the respondent to any other bidder and will not be so communicated to any other bidder prior to the official opening of this bid. This certification may be treated for all purposes as if it were a sworn statement made under oath, subject to the penalties for perjury. Moreover, it is made subject to the provisions of 18 U.S.C. Section 1001, relating to making false statements.

Hold Harmless

The respondent who is selected shall, at its own expense protect, defend, indemnify, save and hold harmless the County of Clare, its elected and appointed officers, employees, servants and agents, from all claims, damages, lawsuits, costs and expenses including, but not limited to, all costs from administrative proceedings, court costs and attorney fees that the County of Clare, its elected and appointed officers, employees, servants and agents may incur as a result of the acts, omissions or negligence of the contractor or its employees, servants, agents or subcontractors that may arise out of the agreement.

The respondent's indemnification responsibility under this section shall include the sum of damages, costs and expenses which are in excess of the sum of damages, costs and expenses which are paid out on behalf of/or reimbursed to Clare County, its officers, employees, servants or agents, by the insurance coverage obtained and/or maintained by the contractor.

The respondent shall purchase and maintain insurance not less than the limits set forth below. All coverage shall be with insurance companies licensed and admitted to do business in the State of Michigan and with insurance carriers acceptable to Clare County that have a minimum A.M. SCOPE OF SERVICES

DESCRIPTION

This project consists of building and site demolition/deconstruction of buildings and basement/foundation including backfill of the excavation, securing all necessary permits (demolition, water/sewer cuts, soil erosion and any other required permits by Local, State or Federal government) and disconnect water and sewer utilities or cap wells and abandonment of septic (if any). **Final application of topsoil, finish grading, grass seed and straw will be required.**

A description of the work of the contract can be summarized as follows:

1. Site and Building demolition/deconstruction
 - a. Be aware of property corners and lot lines accurately to set limit of demolition/deconstruction. Contractor is responsible to verify property location.
 - b. Site and building demolition/deconstruction including the removal of structures, basement, footings, landscaping and walls, cut brush and trees and/or bituminous/concrete pavement and miscellaneous debris and/or garbage on site.
2. Protection of trees - It shall be the responsibility of the Contractor to protect all trees of a diameter of 4" or greater that are located outside of five (5) feet from the structure being demolished/deconstructed.
3. Site restoration- Site restoration including fill and compaction all disturbed areas, seeding and mulch as follows: a slow growing grass seed appropriate for Michigan's environment, placed upon 3 inches of top soil and mulched with straw or wood fiber,
4. Demolished materials shall become the Contractor's property and shall be removed and disposed of legally, and manifested if appropriate.

WORK SCHEDULE

A preliminary work schedule must be supplied to The Clare County Land Bank within 10 days of contract awards. Updated schedules must be provided a minimum of 48 hours in advance to demolition/deconstruction to provide for adequate time to remove locks and property and to provide appropriate staffing.

Work should be scheduled for the most efficient operation. Coordinate with utility companies and/or local agencies to verify the shutting off and capping utility services (gas, electric, cable, water, storm sewer, sanitary sewer, etc.) has been completed prior to the start of demolition/deconstruction.

Once asbestos remediation has been completed and the Contractor has been given permission to proceed the Contractor shall submit the required NESHAP notice to the MDEQ and submit to Community Development for review with a tentative schedule of completion dates and work plan for the aforementioned work. All NESHAP and OSHA required forms must be provided to The Clare County Land Bank at the same time as they are filed with their respective departments.

Contractor shall notify The Clare County Land Bank 24 hours in advance of any sub-contractor being on site and provide the subs company name, address, telephone and FAX number.

Contractor will furnish certificates of insurance which specifically set forth evidence of all coverage required of the contractor and sub-contractor prior to commencement of work. Certificates shall be sent to The Clare County Land Bank, 225 W. Main St. Harrison, MI 48625

CONTRACTORS USE OF PREMISES

During the period of this contract, the Contractor shall have full use of the lots occupied by the structures. The Contractors use of the premises is limited only by the limits of the property and adjacent public right-of-ways if properly barricaded. Do not disturb portions of the site beyond the areas which the work is indicated.

1. Driveways and Entrances: Keep driveways and entrances servicing adjacent properties clear.

2. Drive approaches located between the sidewalk and curb must be left as is.
3. Any debris or sedimentation deposited in the road right-of-way shall be properly removed by the Contractor at the contractor's expense.

PROJECT CONDITIONS

Dust Control

1. The Contractor will use all means necessary to control dust on and near the work and on or near all off-site areas if such dust is caused by Contractors operations during performance of the work or if it results from the condition in which the contractor leaves the site.
2. All surfaces shall be thoroughly moistened as required to prevent dust from being a nuisance to the public and adjacent properties.

Protection

1. The Contractor will use all means necessary to protect adjacent property before, during and after demolition work.
2. In the event of damage, the Contractor shall immediately make all repairs and replacement necessary to the approval of Clare County and at no cost to the County.
3. All bidders **MUST** have a Lead Awareness Certification and **MUST** include an Asbestos Trained Competent Person on site throughout the deconstruction.

Safety

1. The Contractor is responsible for conducting operations in a safe and orderly manner and in conformance with Michigan P.A. 154.

PRODUCTS

Fill Material

All fill material except MDOT Class II Granular Material shall be subject to the approval of The Clare County Land Bank.

For approved fill material, notify The Clare County Land Bank in advance of the intention to import material, its location and the sources name, address, and telephone number.

Provide either analytical data or certification from the source documenting that all off-site materials to be used as backfill or fill is uncontaminated. The following tests shall be performed, by the source or by the Community Development or agent at the Contractors expense, for certification of contaminate-free fill.

1. Volatile Organics (Method 8260)
2. Semi-volatile Organics (Method 8270)
3. Pesticides/PCBs (Method 8080) and
4. Metal tests for arsenic, barium, cadmium, copper, lead, mercury, selenium, silver and zinc matter.

Fill material shall be free of rocks or lumps larger than 3 (three) inches in greatest dimension.

Pulverized building materials shall not be used as fill material.

Fill from off-site shall be from a commercial source; however, no fill is permitted in flood plain areas.

EXECUTION

Preparation

1. Protect structures, utilities, sidewalks, pavements and other facilities to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.
2. Provide erosion control measures to prevent erosion or displacement of soils and discharge of soil-bearing water runoff or airborne dust to adjacent properties, drives and walkways.
3. Protect existing trees to remain.

4. No tree removal shall be allowed in a flood plain area without prior approval from the City of Harrison.

Dewatering

1. Prevent surface water and subsurface or ground water from entering excavations, from ponding on prepared sub-grades, or flooding project site and surrounding area.
2. Protect sub-grades from softening and damage by rain or water accumulation.

Excavation

1. Do not use explosives.
2. Excavation is unclassified and includes excavation to required sub-grade elevations regardless of the character of materials and obstructions encountered.

Stability of Excavations

Comply with local codes, ordinances, and requirements of authorities having jurisdiction to maintain stable excavations.

Approval of Sub-grade

1. Notify Community Development when excavations have reached required sub-grade.
2. When The Clare County Land Bank determines that unforeseen unsatisfactory soil is present, continue excavation and replace with compacted backfill or fill materials as directed.
3. Reconstruct sub-grades damaged by freezing temperatures, frost, rain, accumulated water, or construction activities.

Backfill

Backfill excavations promptly, but not before completing the following:

1. Receipt of approval from Community Development
2. Acceptance of removals below finish grade
3. Removal of trash and debris from excavation
4. Removal of temporary shoring and bracing and sheeting.

Fill

Preparation: Remove vegetation, topsoil, debris, wet and unsatisfactory soil materials, obstructions, and deleterious materials from ground surface prior to placing fills. Plow strip or break up sloped surfaces steeper than 1 vertical to 4 horizontal so fill material will bond with existing surface.

When sub-grade or existing ground surface to receive fill has a density less than that required for fill, break up ground surface to depth required, pulverize, moisture-condition or aerate soil and re-compact to required density.

Place fill in layers to an elevation of between 6" to 12" above adjacent undisturbed ground.

Moisture Control

Uniformly moisten or aerate sub-grade and each subsequent fill or backfill layer before compaction to within 2 percent of optimum moisture content.

1. Do not place backfill or fill material on surfaces that are muddy, frozen, or contain frost or ice.
2. Remove and replace, or scarify and air dry satisfactory soil that is too wet to compact to specified density.

Compaction

Place backfill or fill materials in layers not more than 12 inches in loose depth. Contractor shall achieve compaction by reasonable means as determined by the Contractor. All methods of compaction shall be approved by Community Development. Heavy Equipment such as loaders, bulldozers, etc. may be used

to achieve compaction. If the compaction methods do not achieve the required compaction, then mechanical vibratory equipment shall be used.

Grading

General: Uniformly grade areas to a smooth surface, free from irregular surface changes.

1. Provide a smooth transition between existing adjacent grades and new grades.
2. Cut out soft spots, fill low spots, and trim high spots to conform to required surface tolerances.
3. Avoid directing watershed onto adjacent properties.

Site Grading: Slope grades to direct water to adjacent right-of-ways. Provide a uniform finished surface grade sloped at 2% minimum and 5% maximum. Match existing grade at adjacent property lines.

Protection

All trees 4" or greater located outside of five (5) feet from the structure to be demolished shall be protected. If such trees are damaged the Contractor shall replace damaged tree if directed by Community Development.

Protecting Graded Areas: Protect newly graded area from traffic, freezing, and erosion. Keep free of trash and debris.

Repair and reestablish grades to specified tolerances where completed or partially completed surfaces become eroded, rutted, settled or lose compaction due to subsequent construction operations or weather conditions.

Settling

Where settling occurs during the project correction period, remove finished surfacing, backfill with additional approved material, compact and reconstruct surfaces.

Disposal of Surplus and Waste Material

Remove surplus satisfactory soils and waste material, including unsatisfactory soil, trash, debris and **legally** dispose of it off of property.

The work of excavating, filling, and grading shall be included in the lump sum project cost. The work of grading shall include all labor, materials, and equipment necessary for filling and compacting the sub-grade prior to placing any improved surface. Any areas disturbed by construction activities shall be re-graded and reseeded as necessary.

All permits, landfill tickets, receipts for disposal, lien waivers and other proof of compliance shall be presented to The Clare County Land Bank once approval of work by the County has been obtained. Payment will be made according to the Clare County Invoice Submission and Payment Schedule.
